

Exercise 03 - Travis CI

<https://github.com/mleister97/cicd-golang>

Watch Travis executing your tests and building the artefact: What is your observation?

The build failed because I have not set the environment variables.

```
main_test.go x model.go x app.go x .travis.yml x
1  os: linux
2
3  language: go
4
5  go:
6    - 1.14.x
7
8  services:
9    - postgresql
10   - docker
11
12  script:
13    # Test the code
14    - go test -v ./...
15
16  env:
17    global:
18      - APP_DB_USERNAME=postgres
19      - APP_DB_PASSWORD=postgres
20      - APP_DB_NAME=postgres
```

Build successful:

Travis CI
